

JOE MAMA'S

Joe Mama's Premium Board Conditioner

TECHNICAL DATA SHEET

1. Product Identification

Product Name	Joe Mama's Premium Board Conditioner
Product Code	TSPBC-250 / TSPBC-500
Pack Size	250 ml and 500 ml bottle
Document No.	TDS-JMPBC-001
Revision Date	June 2026
Brand	Joe Mama's

2. Product Description

Joe Mama's Premium Board Conditioner is a food-safe liquid conditioning oil formulated for the deep conditioning and protection of wooden cutting boards, end-grain butcher blocks, salad bowls and charcuterie boards. It blends food-grade white mineral oil with pure jojoba, a plant-derived liquid wax that is shelf-stable and resistant to rancidity. The combination penetrates timber evenly to replace lost moisture and leaves a silky, water-resistant, food-safe finish.

Joe Mama's is a brand of ToolShark Holdings. Blended in small batches in Cape Town, South Africa.

3. Composition

Component	CAS No.	Typical %
Food-grade white mineral oil	8042-47-5	~75% v/v
Jojoba oil (<i>Simmondsia chinensis</i>)	61789-91-1	~25% v/v

4. Physical & Chemical Properties

Appearance	Clear to pale gold free-flowing liquid
Odour	Virtually odourless
Solubility in water	Insoluble
Flash point	Not classified as flammable under normal use

5. Application Instructions

- Ensure the wooden surface is clean and dry.
- Apply generously with a clean lint-free cloth, flooding the surface.
- Allow to soak in, ideally overnight, until the oil is absorbed.
- Wipe off any excess with a clean dry cloth.
- Re-apply weekly for the first month on new boards, then monthly or as needed.

6. Safety & Regulatory Information

All components are food-grade and listed for use in food-contact applications. Food-grade white mineral oil complies with FDA 21 CFR 178.3620(a) and beeswax with FDA 21 CFR 184.1973. The finished product is non-toxic and suitable for surfaces that contact food once the excess has been buffed off.

7. Storage & Shelf Life

Store in a cool, dry place out of direct sunlight. Replace lid after use. Typical shelf life is 24 months from date of manufacture when stored as directed.

8. Disclaimer

The information in this Technical Data Sheet is provided in good faith and believed to be accurate at the date of issue. It does not constitute a Safety Data Sheet (SDS). The user is responsible for determining the suitability of the product for their intended use.
